The Members of Congress in Both Branches Outspokenly Against His Candidacy.

THE PAPERS ARE SILENT

Correspondents Predict Their Papers Will Declare in Opposition to Hearst Boom.

(From Our Regular Correspondent. WASHINGTON, D. C., March ?.-Al-though there are but few papers in the country which have come out in opposition to the nomination of William R. Hearst to the presidency by the Democrats, the members of Congress, including both branches, are outspoken in opposition to his candidacy.

Within the past few days there has developed a strong sentiment to have the Democratic press of the country come but in opposition to the candidacy of Hearst, and I have been frequently asked by members and senators if the papers were not going to make a stand against the nomination of Hearst, There can be little reflection on the papers for refusing to combat the Hearst boom when there are so few Democrats who are willing to be quoted as to their presidential prefuser. It is weighted when he appears he quoted as to their presidential pet ences. It is predicted acre by correspondents of several of the leading Democratic papers of the country that their papers will eventually declare squarely their opposition to the Hearst boom.

LAMB AND HAY.

papers will eventually decisions.

LAMB AND HAY.

Representative Lamb and Representative Hay have declared for Judge Parker for the nomination, but none of the rest of the delegation from Virginia has made public his preference. It is believed that they will all eventually declare for Judge Parker, and it is pretty well assured that they are for the chief judge now.

Several paragraphs in The Times-Dispatch recently, urging Democrats not to ucclare for Mr. Hearst until they are assured that he is a man of good character, have been warmly approved by the Democrats in Congress who have read them. The Parker people are hopeful that the papers generally will oppose the nomination of the New York editor, and that they will declare against him at once. Mr. Hearst and his friends are working harder for the nomination than are any other candidates or their friends.

THE HUMO-ROUS SIDE.

The report of the anexod fregularities of members of Congress in connection with postal affairs, which was made to the Postoffice Committee of the House, and made puble by the committee, has made more fun for the public than anything which has come up in congressional affairs in a long time. It is all serious, of course, but at the same time there are humorous features of the report which appeal strongly to the outsider. Representative Tawney, of Minnesota, is the victim of one of the jokes which the report has played on many of the members. It appears that there were two powerful factions in one of the cities of his district, and the two clashes over the selection of a building to be leased for a postoffice. One faction appealed to him to aid it in securing the lease of a certain building. He promptly replied that he could not interfere in such a matter. for a postoffice. One faction appealed to him to aid it in securing the lease of a certain building. He promptly replied that he could not interfere in such a matter. Shortly thereafter the other faction asked him to help it, and he wrote that he would do all he could, but that the fact that he was taking u hand in the affair must ke kept a dead secret. Then he went into the work of getting the lease for the people who had asked him last. His connection with the affair is brought out fully in the report, and to-day he His connection with the affair is brought out fully in the report, and to-day he received several telegrams from constituents who are in the faction for which he refused to work, saying that they are longing for an opportunity to do him. And they will have it at the polls next fall.

ROANC POSTOFFICE. ROAN.... POSTOFFICE.
Senator Daniel has introduced a bill providing for the appropriation of \$5.00 for the enlargement and improvement of the postoffice building at Reanoke. Representative Glass has also introduced a similar bill in the House.
Representative Patterson, of North Carolina, has introduced a bill authorizing the purchase of a tot and the erection of a postoffice building thereon at Fayetteville, N. C., at a cost not to exceed \$50.000

tor both land and building.

for both land and building.

Mr. Patterson has also introduced a bill providing for the appropriation of \$25,000 for the establishment of a fish hatchery in North Carolina, at some point to be selected by the United States Commissional Commissions of the Carolina of the

sloner of Fish and Fisheries.

Senator Scott, of West Virginia, chair man of the Committee on Public Buildings and Grounds, has reported favorably the bill to creek a postoffice building at Buildield, W. Va., at a cost of \$100,000. There is not much chance of the passage of any public building bill at this session.

TOOK THE SENATE.

'All the Members Looked Pleasant as Foster Pushed Button. Photographer Foster, after having taker a splendid picture of the House of Dee-gates from the Capitol steps, vesterday afternoon "took" the Senate. The light was good and the posing fine and the Senate picture is expected to be as fine as that of the House, a proof of which was seen yeefirday.
